# HOLIDAY CARDS *of Appreciation*

**Student 1:** Hey [Student 2], what are you doing for the holidays?

**Student 2:** Probably eating way too many cookies. Why?

**Student 1:** Well, what if I told you we could spread some holiday cheer right here at school?

**Student 2:** Cheer... at school? How?

**Student 1:** By making Holiday Cards of Appreciation!

**Student 2:** That sounds cool, but who do I make one for?

**Student 1:** Anyone who makes our community a better place!

It could be a local business, a teacher, or even a neighbor who always helps out.

**Student 2:** Oh, I love that! I'm going to make one for the organization doing the toy drive (or food drive).

**Student 1:** Exactly! So, get creative and make a card to say thanks to someone special.

**Student 2:** I'm totally on it! And maybe I'll sneak in some cookies for them too.

**Student 1:** Let's spread the holiday cheer with handmade Cards of Appreciation (and maybe some cookies).

**Student 2:** So make your card and pop it into the box for delivery. Or you can deliver it yourself!
